VISVESVARAYA TECHNOLOGICAL UNIVERSITY

Visvesvaraya Technological University (VTU), headquartered in Belagavi, Karnataka, stands as one of India's most prestigious technological universities. Named after Sir M. Visvesvaraya, a celebrated engineer and statesman, VTU fosters innovation, research, and academic excellence across engineering, technology, and management disciplines.

With its sprawling campus in Belagavi, VTU serves as a central hub for nurturing the next generation of technologists and leaders. The university is renowned for its robust curriculum, cutting-edge research facilities, and partnerships with industry leaders. Housing over 208 affiliated colleges, VTU empowers more than 300,000 students annually, shaping the future of engineering education.

Dedicated to pushing the boundaries of knowledge, VTU continues to inspire students to excel in a dynamic, technology-driven world.

YUKTI-2025

CHIEF PATRON

DR. S. VIDYASHANKAR
HON'BLE VICE CHANCELLOR, VTU, BELAGAVI

Dear Friends and Students,

It is with immense pleasure and pride that I extend a warm welcome to you all to Visvesvaraya Technological University "Yukti 2025", a Regional Level Techno, Cultural, and Management Fest. The second edition of the fest, this year's theme "Reimagining Tomorrow" with the tagline Innovate, Elevate, and Celebrate, promises to be a vibrant confluence of technology, culture, and creativity.

Scheduled for March 10th and 11th, 2025, Yukti 2025 will feature a diverse range of events, including Management, Robotics, Technical challenges, Cultural Arts, and thrilling Live bands and Concerts. We invite you to embrace the spirit of collaboration and creativity.

Let us come together to innovate, elevate, and celebrate the future we are collectively reimagining.

PATRONS

Dr. B.E. Rangaswamy
Registrar,
VTU Belagavi

Dr. T.N. Sreenivasa
Registrar (Eval),
VTU Belagavi

Dr. Prashantha Nayaka G.
Finance Officer,
VTU Belagavi

REIMAGINING TOMORROW

PRAKALPA PRASTUTHI (IDEATHON)

TECHNICAL SPECIFICATIONS:

- Project based on recent technologies like IOT, Artificial Intelligence, Machine Learning, Image processing, Embedded System, Big data, Deep Learning, Networking and Cyber Security.
- Any suitable tools and programming languages can be used

DOMAINS TO BE CHOSEN FOR PROJECTS:

- Infrastructure • Health Care
- Social security • Digital Finance
- Transportation • Rural employment
- Agricultural • Water and land management
- E-learning • Pollution

RULES AND REGULATIONS:

1. Team should contain 2 to 4 members.
2. 15 minutes will be given for presentation to the team.
3. PPT Presentation must contain maximum 10 slides.
4. Bonus points will be awarded on spot modifications.
5. Participant should bring required components and devices.
6. Registration fee must be paid on the same day.

JUDGMENT CRITERIA

- Presentation of project.
- Demo/Implementation.
- Future scope of the project.

CHANAKSH (CODING QUEST)

RULES AND REGULATIONS:

- Individual participation.
- Coding domain: Java Programming Language
- There will be 3 rounds:
 - Bug Hunting
 - Tech-it Out.
 - Logic Weaving
- Rules for Bug Hunting
 - Each participant will five same programs to debug.
 - Each participant will get 30 mins to debug all five programs.
 - The participants who debug all the five programs are eligible for the next round.
- Rules for Tech it out Round
 - Each participant has to pick two programs from available set of programs.
 - Each programs input and output will be provided and the same has to be produced as result.
 - Each participant will get 60 mins to execute two programs.
 - The participants who executes both the programs are eligible for the next round.
- Rules for Logic Weaving
 - Each participant has to complete the given incomplete program.
 - The participant has to execute the program within stipulated time.
 - The winner will be selected on the basis of time taken for execution.
 - Judging criteria for each round will be clearly communicated before the start of each round.
 - Violating the rules leads to disqualifying of the participant.
 - The organizers reserve the rights to change any rule.

REIMAGINING TOMORROW

ROBO SAMARA

(ROBO RACE)

GAMEPLAY RULES:

1. The Robot will be placed at the start line. The robot starts when the timer starts.
2. The Robot should remain on track, otherwise, it has to start from the last checkpoint crossed.
3. The timer will stop as soon as the robot crosses the finish line.
4. Scoring and penalty rules will be announced on the day of the event.

RULES AND REGULATIONS:

1. Maximum 4 team members allowed.
2. Only one designated robot handler per team.
3. Other team members must remain outside game zone.
4. Unethical behavior leads to disqualification.
5. No interference with other robots or arena damage.
6. Organizing committee's decisions are final.
7. Judges' decisions are final and binding.

ROBOT SPECIFICATIONS:

- The machine can be wired/wireless.
- The machine must be controlled manually
- The maximum dimension of the bot should be 300mm x 300mm x 300mm (L x B x H), failing which the team will be disqualified from the competition.
- The total weight of the bot should not exceed 5 kgs.
- The machine must not be made from Lego parts, or any ready-made assembly kits, and it must be powered by electrically only. the use of IC engine is not allowed.
- The robot can be powered by a power source such as a battery fixed on the robot or by a stationary power source connected to the robot by a cord.
- Potential between any two points on the robot should not exceed 12 v.
- Participants should keep spare batteries, otherwise it may lead to disqualification if bot is not ready or stops in between the race.
- The length of the wire (for wired bots) should be long enough, and the wire should remain slack during the complete race.
- RACETRACK:
 - There will be only one start and one finish line. the track surface and course line may have unevenness.
 - There will be certain obstacles in the racetrack, which will try to slow down the robot.
